## **HEALTHY FOOD AND DRINK CHOICES**

**The aim of the canteen is:** to provide an enjoyable, nutritious and attractively presented selection of food and drinks at reasonable prices.

**Its purpose is:** to demonstrate to students and parents the value placed on healthy eating practices.

As required by the Department of Education's Healthy Food & Drink policy, we cook, sell and use only reduced **fat, dairy, lean meats and reduced fat spreads** in the canteen.

Although the fact that the policy does not restrict additives such as preservatives and colourings, we have taken care to exclude these from the choices available **where possible** in the Canteen.

The emphasis in our Canteen is on providing items that come under the GREEN 🌱 section of foods which we are able to sell daily, such as fruits, salads, lean meats and reduced fat dairy.

We also offer a selection of options under the AMBER 🍌 section (i.e.: pastries, pizza, etc)

Should you wish to view any of the guide lines or our Canteen policy please feel free to come to the Canteen.

The Canteen may from time to time offer additional foods in conjunction with school curriculum or special promotions, such as Fruit & Veg Month, Healthy Bones Week, etc which will be advertised in advance.
